

## **General information**

Duration: 3 months

Commitment: Full-time

Description:

DemoUp reinvents e-commerce by creating the world's largest hub for product videos that massively increase conversion. DemoUp is an end-to-end solution that hosts, integrates and tracks videos. 96% of online shoppers love product video and DemoUp is on a mission to fulfill their dreams.

We are looking for an Intern to support our video management and product data team.

### **Our Culture:**

We intend to build a culture striving for world-class quality and performance. We want a culture with flat hierarchies and open communication where the best idea wins. We love our work and we will go the extra mile whenever it is needed.

### **Candidate Attributes & Tasks:**

- Implement the newest product videos from our brands partners like Samsung, Acer etc.
- Enrich videos with product data information
- Connect our onlineshops partners with the product videos
- Assist our tech team with bug reports and quality assurance
- English Native speaker or at least C2 Proficiency
- German is a plus
- Good knowledge of common computer tools such as MS Office
- Knowledge of and interest in, ecommerce, video & startups.
- Self-driven and hands-on mentality
- High degree of self-organisation

### **What we offer:**

- A chance to grow an internationally, funded, Start-Up from Berlin.
- A lot of responsibility and the chance to actively contribute ideas
- You work in one the hottest startup scenes as part of a young and enthusiastic team in the middle of Berlin.
- A lot of room for fun, creativity, ideas, and improvements.
- Loft-style office with free coffee/water and fresh fruits
- Close contact to other startup founders and the Rheingau Founders network.
